

# AQ1570

The AQ1570 uses Prolitec's patented technology to diffuse fragrance and odor treatment products into the air. This modular system was designed for direct diffusion in up to four spaces with a single powered central control unit.

Diffuse directly with up to 4 cartridge heads per system.

Perfectly scents spaces up to 150,000 cubic feet per cartridge head.

50 intensity levels and timing options give you control.

Tiny droplets convert to vapor within milliseconds.
